**Trump National Golf Club**

Dear Parents,

Cowabunga! Palos Verdes High School Booster Club's annual Catch the Wave fundraiser will take us back to the early 60s as we celebrate the Frankie Avalon/Annette Funicello beach party movies, Gidget, Moonoggie, the Beach Boys and Jan and Dean! Come with us on a Surfin' Safari on Friday, March 9, 2012 at Trump National Golf Club. Our fun-filled evening features a silent and live auction, a sit-down dinner and dancing. Don't miss this sell-out PVHS party of the year!

PVHS's Booster Club, which supports academics, arts and athletics, raises funds for our school through membership, Escrip and our annual Catch the Wave event. Catch the Wave raises 30 percent of the annual dollars Booster Club contributes to the school's needs for supplemental funding in the areas of academics, arts and athletics. Every student at PVHS has benefited in some way from the monetary contribution provided by Booster Club. Over the past 10 years, Booster Club has raised over \$5 million dollars to benefit our PVHS students.

Some of the key contributions Booster Club makes include:

Academics: In-classroom math tutors; stipends for Model United Nations, Mock Trial, Speech & Debate and Academic Decathlon advisors; classroom instructional material; College Day (in partnership with PTSA); LINK CREW; Challenge Day; PVIT competition; conferences for College & Career Center director; all Library research database subscriptions

Arts: Fall and Spring drama productions, video production equipment and stipend; musical equipment; Drumline, Choral and Colorguard stipends; digital photography equipment

Athletics: Stadium turf annual cleaning and maintenance, athletic equipment, stipends for fulltime and partime athletic trainers, most out-of-season stipends

General: Beautification program throughout PVHS

Your support is needed more than ever. You know about the crisis in educational funding in the State of California, and unfortunately, PVPUSD continues to feel the impact. Historically, our district has always received far less money per student due to state funding inequities and a fundamentally unfair funding formula. While bond initiatives, parcel taxes, the Peninsula Education Foundation and PTSA have all helped to alleviate the burden of the current crisis and ongoing funding inequities, there are daily needs that can only be met by Booster Club funds.

Please join us by supporting Booster Club and PVHS! Consider being a Surfin' Safari sponsor or auction donor. See the forms attached or access the forms online at [www.pvboosterclub.com](http://www.pvboosterclub.com). Let's have fun and raise funds for our kids!

Catch a Wave and You're Sittin' on Top of the World,
